

DEMO PERMIT REQUIREMENTS

Neighborhood
Services

Effective: June 30, 2016
Revised: February 28, 2018

A permit is required to demolish any building located within the City of Brentwood.

Submit three (3) copies of a site plan showing all existing structures on the property. Indicate which building(s) are to be demolished and the number of stories and square footage of each building. Indicate the location(s) of any/all septic tanks, leach fields and/or wells.

Prior to the Issuance of the Demolition Permit:

1. Obtain clearance from the Bay Area Air Quality Management District (BAAQMD)
2. Notify all involved utility companies. Service must be disconnected and terminated in an approved manor.

Utility Service:	Contact:
Electrical & Natural Gas	PG&E Service Planning Department (925) 674-6457
