**City of Brentwood's
East Contra Costa Municipal Storm Water Permit
NPDES No. CAS083313
Order No. R5-2010-0102 Provision C.5.**

C.5. Illicit Discharge Detection and Elimination

The purpose of this provision is to implement the illicit discharge prohibition and to ensure illicit discharges are detected and controlled that are not otherwise controlled under provision C4, Industrial and Commercial Site Controls and C6, Construction Site Controls. Permittees shall develop and implement an illicit discharge program that includes an active surveillance component and a centralized complaint collection and follow-up component to target illicit discharge and non-stormwater sources. Permittees shall maintain a complaint tracking and follow-up data system as their primary accountability reporting for this provision.

C.5.a. Legal Authority

i. Task Description – Permittees shall have the legal authority to prohibit and control illicit discharges and escalate stricter enforcement to achieve expedient compliance.

ii. Implementation Level

- (1) Permittees shall have adequate legal authority to address stormwater and non-stormwater pollution associated with, but not limited to the following:
 - (a) Sewage;
 - (b) Discharges of wash water resulting from the cleaning of exterior surfaces and pavement, or the equipment and other facilities of any commercial business, or any other public or private facility;
 - (c) Discharges of runoff from material storage areas, including containing chemicals, fuels, or other potentially polluting or hazardous materials;
 - (d) Discharges of pool or fountain water containing chlorine, biocides, or other chemicals; discharges of pool or fountain filter backwash water;
 - (e) Discharges of sediment, pet waste, vegetation clippings, or other landscape or construction-related wastes; and
 - (f) Discharges of food-related wastes (e.g., grease, fish processing, and restaurant kitchen mat and trash bin wash water, etc.).
- (2) Permittees shall have adequate legal authority to prohibit, discover through inspection and surveillance, and eliminate illicit connections and discharges to storm drains.
- (3) Permittees shall have adequate legal authority to control the discharge of spills, dumping, or disposal of materials other than storm water to storm drains.

Stormwater and Related Ordinances**

Code Sections

California Penal Codes:

374.3: Unlawful disposal of waste on a public or private roadway, right of way or private property without permission.

374.7: (a) A person who litters or causes to be littered, or dumps or causes to be dumped, waste matter into a bay, lagoon, channel, river, creek, slough, canal, lake, or reservoir, or other stream or body of water, or upon a bank, beach, or shore within 150 feet of the high water mark of a stream or body of water, is guilty of a misdemeanor.

Note: Refer to Fish and Game Code Section 5650, 5652 (pollution) and 1602(a) Stream alteration.

California Vehicle Codes:

35160 (a): Transporting 10 or more waste tires.

Note: Refer complaint to Environmental Health for transporting waste/used tires.

34506.3: General Cargo Securement

24002 (a): Unsafe Load

23114 (a): Spilling a Load

Contra Costa County Ordinances:

88-16: Take-out food establishment.

Land use permit requires establishment to pick up and properly dispose of trash within 400 feet of any boundary 3x/week.

1014-010: Unlawful discharge or unlawful connections to the County's stormwater system.
