

2013/14 COST ALLOCATION PLAN AND SCHEDULE OF CITY FEES

Every year the City selects a theme for the covers of its major financial documents - the Capital Improvement Program (CIP), the Fiscal Model, the Operating Budget, the Cost Allocation Plan, the Comprehensive Annual Financial Report (CAFR) and the Public Facilities Fee Report. *This year each of the covers showcases an aspect of the many Brentwood "Parks and Trails."*

COVER: Shown on the cover is one of Brentwood's many colorful play structures. This play structure is located at Garin Park, which also offers picnic areas and soccer fields.

This report presents the analysis of computing overhead charges for citywide and department specific programs. It also provides the framework for computing specific user fees and charges.

<u>Indirect Cost Allocation – Methodology and Assumptions</u>

The Cost Allocation Plan hereinafter referred to as "The Plan," computes two different overhead factors:

- Department overhead
- Citywide overhead

Each factor is applied against direct costs to determine the total cost of providing a given unit of service.

The Plan calculates departmental and citywide overhead factors based on distributions of expenditures between three categories including personnel costs, operating costs and ongoing capital costs. Assumptions regarding management and non-management positions likewise impact the computation. The methodology for computing these overhead factors is as follows:

- **Department Overhead** To compute the department overhead factor, costs for department management salaries and benefits, plus the cost of associated operating and capital items to be included within overhead are identified. This cost is then divided by the salary and benefit cost of all non-management employees. The resulting computation is a multiplier that is applied to the hourly rate of a specific position within the department to compute the resulting department overhead associated with providing a designated service.
- <u>Citywide Overhead</u> To compute the citywide overhead factor, general government costs that are not allocable to any individual department are identified. These costs are divided by the total salaries and benefits of all City employees. The result of this computation is a multiplier applied to the hourly rate of a specific position that is providing a service to compute the resulting citywide overhead associated with providing a designated service.

Exhibit A summarizes the specific assumptions that have been made which directly impact the computation of both the departmental and other overhead factors. Specific areas identified include:

- Management designated positions with their associated direct support staff
- Non-personnel costs included within overhead
- Services included within the "other" overhead computation

<u>Direct Cost Allocation – Position Assumptions</u>

The first step in computing the direct costs to provide a designated service is to compute the full hourly rate for direct service providers. To achieve this, the position is organized by classification of employee and includes such information as salary and benefit costs and individual leave practices. Information in this file is used to compute the hourly rate of the position. An insert table within this file identifies all services that the employee is involved in providing, as well as the amount of time spent on providing each service. This information is used by the Plan to calculate the direct costs of providing each designated service.

There are certain benefits that are not provided to all individual employees within a particular job classification. Examples of these benefits include: benefits paid for stand-by, bilingual and education supplemental pay. These benefit types are excluded from the job classification costs included in this Plan.

Retiree Medical benefits are included in the job classification costs only to the extent by which the City is currently budgeting and setting aside funds for this purpose. The City transfers and charges each department a certain dollar amount per sworn and non-sworn employee which is included in the job classifications in this Plan. These funds are then deposited in the City's Insurance internal service fund which is responsible for the prefunding of retiree medical expenses. However, the departmental transfers do not necessarily reflect the actual expenditure of City resources on an annual basis. To correct for the City's use of additional existing resources (less overhead) an additional component for retiree medical expenses is added or subtracted from citywide overhead.

On July 27, 2010, a second tier level was approved by City Council which changed employee pension contribution requirements and pension benefits for non-sworn staff hired on or after October 1, 2010. On May 22, 2012, additional benefit changes for non-sworn staff hired on or after July 1, 2012 was approved by the City Council. In addition to the second tier changes from July 27, 2010, non-sworn employees hired after July 1, 2012 will have reduced City paid medical contribution caps and a lesser amount provided for retiree health coverage.

On April 24, 2012, a second tier level for sworn employees was approved by City Council which changed the employee pension contribution requirements, medical contribution caps and retiree health coverage for sworn staff hired on or after July 1, 2012. A modified retirement benefit percentage and age was also established for sworn staff hired after October 1, 2012.

A third tier was created beginning January 1, 2013, by the Public Employees' Retirement Law (PERL) approved via Assembly Bill 340 which includes a pension reform amendment. The amendment affects staff (sworn and/or non-sworn) that are hired on or after January 1, 2013 and are not currently (a six month break in service) participating in PERS or a reciprocal agency, and/or would be new to PERS. The amendment changed retirement ages for non-sworn staff as well as safety staff.

Rates included within the Cost Allocation Plan are calculated based on the benefits provided to employees in the first tier level due to the low percentage of staff who are in the second and third tier levels at this time.

To provide the City with the greatest flexibility in computing costs associated with providing a designated service, full costs for every classification within the City have been built into the Plan.

Salary and Benefit Information

- Base salary (top step)
- Benefits

Annual Leave is Calculated by:

- Total hours per year assumed at 2,080
- Vacation assumed at 120 per year
- Sick leave assumed at 48 hours per year
- Holidays assumed at 112 hours per year

ECONOMIC CONSIDERATIONS

User fee services are those performed by a governmental agency on behalf of a private citizen or group. The assumption underlying most fee recommendations is that the costs of services benefiting individuals, and not society as a whole, should be borne by the individual receiving the benefit. Setting user fees, therefore, is essentially equivalent to establishing prices for services. Making a profit is not an objective of local government in providing services to the general public. It is commonly felt that fees should be established at a level which will recover the cost of providing each service – no more, no less.

There are circumstances, however, in which it might be regarded as a reasonable policy to set fees at a level that does not reflect the full cost of providing the service. This results in the costs of service being subsidized, or paid for by the General Fund, while the user receives benefits which he or she does not fully pay for. The following factors underlie such policies:

- <u>Elasticity of Demand</u> The price charged for a service can affect the quantity demanded by potential users. In many instances, increasing the price of a service results in fewer units of the service being purchased. Whether total revenue goes up, goes down or stays the same can be correlated to the magnitude of the fee change and resulting shift in volume demanded.
- **Economic Incentives / Disincentives** In some cases it may be desirable to use fees as a means of encouraging or discouraging certain activities.
- <u>Competitive Restraints</u> Subsidies are usually provided for one of two purposes: 1) to permit an identified group to participate in services they might not otherwise be able to afford or 2) the benefit of the activity extends to the community as well as individuals purchasing the service.

METHODOLOGY

Based upon time estimates, a model of departmental activities is developed and then reviewed extensively with the various departments. The model is then analyzed for each fee area. Hourly rates taken from the City's 2013/14 Cost Allocation Plan are applied to the time estimates for each fee.

The application of the CPI percentage to our existing fees, result in odd cents being included in the new fee calculations. For ease of collection and recordkeeping, certain fees are then rounded down to the nearest dollar, nearest quarter and/or dime. Fees rounded down to the nearest dollar include the Regional Growth Management Program (RGMP), Downtown Parking In Lieu, Affordable Housing, and Planning and Engineering Fees over \$50 which are not already tied to specific hourly rates in the Cost Allocation Plan. Police Fees are rounded down to the nearest 25 cents with the exception of the per page copy fee. Parks and Recreation Fees and Public Works Laboratory fees adjusted by CPI are being rounded down to the nearest dime. Finally, Parks Aquatic fees are updated on January 1 rather than July 1.

The results identify fully supported costs for providing user fee-related services. Costs are then compared with revenues, and fee increases, if appropriate, are recommended.

COMPLIANCE WITH OMB CIRCULAR A-87

• OMB Circular A-87 – The Cost Allocation Plan was developed using the guidelines of OMB Circular A-87. The OMB A-87 guidelines do not require that audited expenditures are used to establish the Cost Allocation Plan, so long as the indirect cost rate is not applied to federal grant programs. As directed by OMB A-87, the City has excluded any costs related to the legislative function (City Council, City Manager, City Clerk and City Attorney to the extent that they support the City Council) from the indirect cost rate calculation. Should the indirect cost rates be applied to federal award programs, the audited actual expenditures will be used to determine whether an adjustment to the indirect cost rate is necessary. A separate Cost Allocation Plan is prepared for purposes of federal award programs. The City's Certificate of Cost Allocation Plan can be found on page 273 of this plan.

SUMMARY

The User Fee Model is a flexible tool used to compute citywide and departmental overhead factors, full hourly rate costs by City Classification and/or full costs associated with the provision of selected services. The City reviews and updates the fees on an annual basis. The cost calculations, if needed, can be updated every year by applying the new hourly rate calculations to the original time estimates. These fees may be adjusted annually based on changes in the Consumer Price Index (CPI) and where applicable, the Engineering News Record (ENR), with the exception of fees that were adopted with ties to other agencies. Time estimates should be reviewed and revised every three to five years.

Budget Assumptions:

Budget Assumptions are utilized to calculate overhead costs for each Department. Each Department's personnel costs, supplies and services and capital purchases are included within this calculation. Each overhead cost is broken down into two categories, Citywide and Departmental.

Hourly Rates by Classification:

Each position within the City's organization structure is included within the Rates Section. Each position's rate sheet provides a breakdown of salary, hourly rates (based upon 1,800 hours per year), benefits and overhead costs associated with that position.

The hourly rate is based upon 2,080 hours reduced by assumed hours of vacation (120), sick (48) and holidays (112) for a total hourly rate calculation of 1,800.

Community Development Affordable Housing

The Affordable Housing requirement consists of building 2% of new residential developments as affordable.

Breakdown of Affordable Levels			
	0% Moderate		
Single Family	1% Low Income		
	1% Very Low Income		

One of the options available to satisfy the Affordable Housing Ordinance for new owner-occupied residential projects is through the payment of In-Lieu fees. Authorization to pay In-Lieu fees must be secured from the City Manager and is approved by the City Council by way of an approved Affordable Housing Agreement.

In-Lieu Fee Three (3) Bedroom
\$0.00 per moderate income unit not built
\$73,000 per low income unit not built
\$136,000 per very low income unit not built

The Developer is directed to Section 17.725 of the Municipal Code for details of the Ordinance and is encouraged to negotiate the specifics of how the particular development will comply with the Ordinance.

Certificate of Cost Allocation Plan

This is to certify that I have reviewed the Cost Allocation Plan and to the best of my knowledge and belief:

- (1) All costs included in this proposal to establish cost allocations or billings for Fiscal Year 2013/14 are allowable in accordance with the requirements of OMB Circular A 87, "Cost Principles for State, Local, and Indian Tribal Governments", and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the Cost Allocation Plan.
- (2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

RESOLUTION NO. 2013-101

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BRENTWOOD ADOPTING THE 2013/14 COST ALLOCATION PLAN.

- **WHEREAS,** Article XI, section 7 of the California Constitution allows the City to impose fees and charges that are not in conflict with the general laws of the State; and
- WHEREAS, Government Code Sections 65104, 65909.5, 66014 and 66451.2 allow the City to establish fees to offset the City's administrative costs in processing permits, licenses, subdivision maps and entitlements; and
- WHEREAS, Brentwood Municipal Code § 17.800 requires payment of such processing fees in conjunction with any application submitted for permits, licenses, subdivision maps and entitlements; and
- WHEREAS, on November 14, 2000, by Resolution No. 2198 the City Council adopted the DMG-Maximus Report for computing fees for City services and revising the City services fees; and
- **WHEREAS,** the City Council has periodically revised development impact fees for public facilities, including the most recent revisions contained in Resolution 2005-222 adopted on September 13, 2005; and
- WHEREAS, on May 24, 2011, by Resolution 2011-72, City Council approved a fee study which established new fees and amended existing fees for Planning, Police and Administrative Services and revised the City of Brentwood 2010/11 Cost Allocation Plan and Schedule of City Fees; and
- **WHEREAS,** on September 11, 2012 by Resolution No. 2012-136, City Council adopted the 2013/14 Cost Allocation Plan and Schedule of City Fees; and
- **WHEREAS,** on December 11, 2012, by Ordinance 909, City Council approved an amendment to Chapter 17.725 of the City of Brentwood Municipal Code relating to the City's Affordable Housing Program; and
- WHEREAS, on February 12, 2013, by Resolution No. 2013-22, City Council approved the establishment of fees related to Chapter 5.72 Computer Gaming and Internet Access Establishment Ordinance of the City of Brentwood Municipal Code and revised the City of Brentwood 2012/13 Cost Allocation Plan and Schedule of City Fees; and
- **WHEREAS**, on April 9, 2013 by Resolution No. 2013-47, City Council approved an amendment to the Cost Allocation Plan and Schedule of City Fees to include temporary fees for land use change request applications that are submitted in association with the General Plan Update; and
- **WHEREAS,** on April 9, 2013 by Resolution 2013-46, City Council approved an amendment to the Cost Allocation Plan and Schedule of City Fees as it relates to the implementation and timing of the Consumer Price Index adjustments for the Park and Recreation Fees; and

WHEREAS, on June 11, 2013, by Resolution 2013-77, City Council approved an amendment to the Cost Allocation Plan and Schedule of City Fees to amend the Peddler Fee effective June 13, 2013, and to establish Taxicab Fees effective July 24, 2013; and

WHEREAS, the City Finance Department researched and developed the Cost Allocation Plan and City Fees, Fiscal Year 2013/14 report, which develops a model for computing fees to cover the City's direct and indirect (overhead) administrative costs incurred in response to requests for permits, maps, licenses and entitlements, and which proposes a revised schedule of such fees; and

WHEREAS, the Finance Ad Hoc Committee met to review the 2013/14 Cost Allocation Plan on June 24, 2013; and

WHEREAS, the Report and supporting data were available for public inspection and review for ten (10) days prior to this public hearing; and

WHEREAS, a public hearing has been noticed and held in accordance with Government Code Section 66018; and

WHEREAS, the City Council has considered the information provided to it by those testifying, and has reviewed and considered the information provided in the staff report and staff presentation and has read and considered the Report and supporting data.

NOW, THEREFORE BE IT RESOLVED, by the City Council of the City of Brentwood:

Section 1. Findings:

The Council makes each of the following findings:

- A. That CEQA does not apply to the adoption of this Resolution, pursuant to Sections 15061, 15273, and 15378 of the State CEQA Guidelines because:
 - The fees established by this Resolution will be collected for the purposes of meeting operational expenses and maintaining service to those that request it; and
 - 2. Because the fees authorized by this Resolution will be collected at the application stage of the project, CEQA review will take place during the processing of the project. Therefore, it can be seen with certainty that the adoption of this Resolution establishing processing fees will not have a significant effect on the environment; and
 - 3. The adoption of this Resolution is not a project because it is a fiscal activity that does not commit the City to any specific project that may result in a potentially significant impact on the environment.
- B. The purpose of the processing fees is to support those City services which are undertaken as a direct or indirect result of members of the public using the services of the City, in particular the services of permits, licenses, subdivision maps and entitlements.
- C. After considering the Report and supporting data and the testimony received at this public hearing, the Council approves and adopts the 2013/14 Cost Allocation Plan

and the Report, and incorporates them herein, and further finds that future development in the City of Brentwood will generate a continued need for the services specified in the Report.

- D. The Report and the testimony establish:
 - That there is a reasonable relationship between the need for the fee and the type of service, product, benefit, privilege, or regulatory activity for which the fee is imposed; and
 - 2. That there is a reasonable relationship between the amount of the fee and the estimated reasonable cost of providing the type of service, product, benefit, privilege, or regulatory activity for which the fee is imposed; and
 - 3. The amount of service provided does not exceed what is reasonably necessary in order to process the requested service; and
 - 4. That the cost estimates set forth in the 2013/14 Cost Allocation Plan and the Report are reasonable and best approximate the direct and indirect (overhead) costs of City staff and consultants for providing the service, product, benefit, privilege, or regulatory activity.
- E. The method of allocating the City's administrative costs bears a fair and reasonable relationship to each fee payer's burden on, and benefit from, the services, product, benefit, or privilege requested by that fee payer.
- F. The fees do not exceed the estimated reasonable cost of providing the service, product, benefit, privilege, or regulatory activity for which the fee is charged.

Section 2. Fees Imposed:

- A. Each person requesting a service in the City of Brentwood for which a fee is imposed pursuant to the Report shall pay the fee set forth in the Report.
- B. On July 1 of each year (excluding Parks and Recreation Fees which will be October 1, of each year with the exception of Aquatic and field lighting fees which is January 1), all fees not tied to an alternate index and/or requirement may be automatically adjusted by an amount equal to the percentage of increase or decrease in the consumer price index for this region, as last computed before the July 1 date. If there is a positive CPI it would be implemented as of July 1. Should the CPI be negative, the fees would remain unchanged pending review of the cost to provide the services by staff. A recommendation would be brought before City Council in July.
- C. The fees may also be adjusted if the City updates or modifies the Cost Allocation Plan or the Report and conducts a public hearing to implement a new or revised fee or fees based upon such update or modification.
- D. The applicable fee shall be determined on the basis of the fee schedule in effect at the time the application is submitted to the City for the requested service. The fee shall be payable in full at the time the application is submitted.
- E. The adoption of this Resolution does not affect the ability of the City to request an agreement between the applicant and the City to pay extraordinary processing costs and to establish deposit accounts.

- F. Notwithstanding anything to the contrary herein, the fee for copying public records requested by a member of the public, shall not exceed the direct costs of duplication.
- G. Staff will round Park and Recreation fees which are updated down to the nearest dime. The fees within the Parks and Recreation fee sheets that are not subject to CPI are: Deposits and Insurance, Aquatic recreational lap and entry fees, and swim lessons, the memorial brick cost, Adult Sports, Teen Programs, Internet Classes, Special Events and Active Adult. Brentwood Senior Club Socials and Card Memberships, which are pass through accounts, facilities, fields, play packs, dedication trees, mobile stage/bleachers, and the advertising/banner program.
- H. The CPI fee adjustment for Aquatic fees will go into effect on January 1, of each fiscal year for the following swim season. Certain entry fees (Recreational Swim Single Entry Saturday & Sunday and Recreation Swim Single Entry Monday Friday) will increase by \$1.00 on January 1 of each year instead of CPI until they reach \$9.00.
- I. Fees rounded down to the nearest dollar include the Regional Growth Management Program (RGMP) which is currently suspended, Downtown Parking In Lieu, Affordable Housing, and Planning and Engineering Fees over \$50 which are not already tied to specific hourly rates in the Cost Allocation Plan.
- J. Police Fees are rounded down to the nearest 25 cents with the exception of the per page copy fee.
- K. The Park and Recreation fees identified as effective on October 1, 2013, will replace the existing fees within the Cost Allocation Plan.
- L. On January 1, 2014, soccer and ball athletic field lighting fees will be replaced by the fees as indicated within the Plan.
- M. The per square foot rental fee included within the Business & Technology Incubator (Technology Center) fee sheet will not be updated by CPI and will be reviewed annually.

Section 3. Fee Adjustment or Waiver or Reimbursement:

A person subject to a development fee imposed pursuant to this Resolution may apply to the City Council for adjustment to that fee, or a waiver of that fee, or reimbursement of part or all of the fee, solely by following the written protest procedure in the time and manner provided by Government Code Section 66020 and detailing the reasons for the adjustment, waiver or reimbursement.

A. A person subject to the fees imposed pursuant to this Resolution that desires an adjustment or waiver of such fees shall follow the protest procedure contained in Government Code Section 66020 (as may be amended), and within the time frame set forth in subsection (d) thereof (as may be amended) or risk the loss of the legal ability to request such adjustment or waiver. In no event shall the City waive its right to rely on other applicable limitations periods, including without limitation those set forth in Government Code Section 66022 (as may be amended).

- B. A person may apply to the City Council for an adjustment to a fee by filing an application with the City Clerk. The application shall be made in writing and must identify the reasons why the fee should be adjusted. At a minimum, the reasons should explain why a reasonable relationship is lacking between the service provided by the City, the costs incurred by the City for such service and the fees imposed by the City for such service.
- C. The application shall be filed with the City Clerk no later than the deadline for filing protests as mentioned in subpart A. above. The City Clerk will present the application to the City's Finance Director or designee.
- D. The City's Finance Director, or designee, shall make a written determination on the application. The City's Finance Director, or designee, may authorize an adjustment so long as the adjustment does not exceed Ten Percent of the total amount of the fees sought to be imposed by the City. Recommendations by the City's Finance Director, or designee, for adjustments in excess of Ten Percent will be forwarded to the City Council for final determination. The method and timing of implementing the adjustment is subject to the discretion of the City's Finance Director (or designee) or City Council where applicable.
- E. Any adjustment granted is limited to the project as proposed. If there is any change in the project, the fee adjustment is suspended so that the City's Finance Director, or City Council where applicable, may re-evaluate where the adjustment is still appropriate.
- F. Decisions of the City's Finance Director, or designee, are subject to appeal to the City Council so long as such appeal is made in writing and within ten (10) days of the decision.

Section 4. Use of Fee Revenues:

The revenues raised by payment of these fees, along with any interest earned, shall be used to pay for the City's costs spelled out in the Report, including without limitation the capital costs and labor and contract costs directly or indirectly associated with providing the service, product, benefit, privilege, or regulatory activity for which the fee is charged.

Section 5. Subsequent Analysis of the Fees:

The fees established herein are adopted and implemented by the Council in reliance on the comprehensive studies that have been prepared by the City and consultants to the City. During the coming years, the City will continue to gather additional information that may affect the nature, scope and type of services to be provided in response to requests of the public. Notwithstanding any term or condition of any permit, subdivision map, license or entitlement granted by the City, it is existing policy that the City Council may revise the fees to incorporate the findings and conclusions of further studies, as well as increases due to inflation, and that such revisions shall apply to any prior approved projects, as well as new projects.

Section 6. Effective Date of Revised Fees:

Fees governed by Government Code 66000-66025 shall be effective sixty (60) days after the adoption of this Resolution provided, however, that, upon enactment of this Resolution, any person may pay the revised fees instead of the current fees. All other fees set forth in the 2012/13 Cost Allocation Plan were increased by the CPI, appropriate index as identified or appropriate percentage on July 1, 2012 per Resolution 2012-136. Newly established Park and Recreation Program and Facility fees in the 2013/14 Cost Allocation Plan will go into effect on October 1, 2013 with the exception of aquatic and park lighting fees which will become effective on January 1, 2014 as noted within the fee schedule, the remaining fees shall be effective August 1, 2013.

Section 7. Severability:

Each component of the fees and all portions of this Resolution are severable. Should any individual component of the fee or other provision of this Resolution be adjudged to be invalid and unenforceable, the remaining provisions shall be and continue to be fully effective, and the fee shall be fully effective except as to that portion that has been judged to be invalid.

Section 8. Repeal of Inconsistent Resolutions:

Resolution No. 2012-136 is hereby repealed.

Section 9. Statute of Limitations:

Any judicial action or proceeding to attack, review, set aside, void, or annul the fees established by this Resolution, or the Resolution itself, shall be commenced within one hundred twenty (120) days of the passage of this Resolution. Any action to attack an adjustment adopted pursuant to Sections 2, 3 or 5 shall be commenced within one hundred twenty (120) days of the adjustment.
