This report presents the analysis of computing overhead charges for citywide and department specific programs. It also provides the framework for computing specific user fees and charges.

<u>Indirect Cost Allocation – Methodology and Assumptions</u>

The Cost Allocation Plan hereinafter referred to as "The Plan," computes two different overhead factors:

- Department Overhead
- Citywide Overhead

Each factor is applied against direct costs to determine the total cost of providing a given unit of service.

The Plan calculates departmental and citywide overhead factors based on distributions of expenditures between three categories including personnel costs, operating costs and ongoing capital costs. Assumptions regarding management and non-management positions likewise impact the computation. The methodology for computing these overhead factors is as follows:

- <u>Department Overhead</u> To compute the department overhead factor, costs for department management salaries and benefits, plus the cost of associated operating and capital items to be included within overhead are identified. This cost is then divided by the salary and benefit cost of all non-management employees. The resulting computation is a multiplier that is applied to the hourly rate of a specific position within the department to compute the resulting department overhead associated with providing a designated service.
- <u>Citywide Overhead</u> To compute the citywide overhead factor, general government costs that are not allocable to any individual department are identified. These costs are divided by the total salaries and benefits of all City employees. The result of this computation is a multiplier applied to the hourly rate of a specific position that is providing a service to compute the resulting citywide overhead associated with providing a designated service.

Exhibit A, on the next page, summarizes the specific assumptions that have been made which directly impact the computation of both the departmental and other overhead factors. Specific areas identified include:

- Management designated positions with their associated direct support staff
- Non-personnel costs included within overhead
- Services included within the "other" overhead computation

<u>Direct Cost Allocation – Position Assumptions</u>

The first step in computing the direct costs to provide a designated service is to compute the full hourly rate for direct service providers. To achieve this, the position is organized by classification of employee and includes such information as salary and benefit costs and individual leave practices. Information in this file is used to compute the hourly rate of the position. An insert table within this file identifies all services that the employee is involved in providing, as well as the amount of time spent on providing each service. This information is used by the Plan to calculate the direct costs of providing each designated service.

There are certain benefits that are not provided to all individual employees within a particular job classification. Examples of these benefits include: benefits paid for bilingual and education supplemental pay. These benefit types are excluded from the job classification costs included in this Plan. Retiree Medical benefits are included in the job classification costs in accordance with the actuarially calculated annual required contribution from the City.

On July 27, 2010, a second tier level was approved by City Council, which changed employee pension contribution requirements and pension benefits for non-sworn staff hired on or after October 1, 2010. On May 22, 2012, additional benefit changes for non-sworn staff hired on or after July 1, 2012 was approved by the City Council whereby those employees hired after July 1, 2012 will have a lesser amount provided for retiree health coverage.

On April 24, 2012, a second tier level for sworn employees was approved by City Council, which changed the employee pension contribution requirements and retiree health coverage for sworn staff hired on or after July 1, 2012. A modified retirement benefit percentage and age was also established for sworn staff hired after October 1, 2012.

A third tier was created beginning January 1, 2013 by Assembly Bill 340, an act which amended the Public Employees' Retirement Law (PERL) and included significant pension reform. The amendment affects staff (sworn and/or non-sworn) that are hired on or after January 1, 2013 and are not currently (or after a six month break in service) participating in PERS or a reciprocal agency, and/or would be new to PERS. The amendment changed retirement ages for non-sworn staff as well as safety staff.

Rates included within the Cost Allocation Plan are calculated based on the benefits provided to employees. Sworn personnel utilize a weighted average pension rate based upon the number of sworn personnel in each of the three tiers. Non-sworn personnel have one rate for all three tiers. The pension rates for sworn and non-sworn are provided by CalPERS.

To provide the City with the greatest flexibility in computing costs associated with providing a designated service, full costs for every currently approved classification within the City have been built into the Plan.

Salary and Benefit Information

- Base salary (top step)
- Benefits

Annual Leave is Calculated by:

- Total hours per year assumed at 2,080
- Vacation assumed at 120 per year
- Sick leave assumed at 48 hours per year
- Holidays assumed at 112 hours per year

Economic Considerations

User fee services are those performed by a governmental agency on behalf of a private citizen or group. The assumption underlying most fee recommendations is that the costs of services benefiting individuals, and not society as a whole, should be borne by the individual receiving the benefit. Setting user fees, therefore, is essentially equivalent to establishing prices for services. Making a profit is not an objective of local government in providing services to the general public. It is commonly felt that fees should be established at a level which will recover the cost of providing each service – no more, no less.

There are circumstances, however, in which it might be regarded as a reasonable policy to set fees at a level that does not reflect the full cost of providing the service. This results in the costs of service being subsidized, or paid for by the General Fund, while the user receives benefits which he or she does not fully pay for. The following factors underlie such policies:

- <u>Elasticity of Demand</u> The price charged for a service can affect the quantity demanded by potential users. In many instances, increasing the price of a service results in fewer units of the service being purchased. Whether total revenue goes up, goes down or stays the same can be correlated to the magnitude of the fee change and resulting shift in volume demanded.
- <u>Economic Incentives/Disincentives</u> In some cases it may be desirable to use fees as a means of encouraging or discouraging certain activities.
- <u>Competitive Restraints</u> Subsidies are usually provided for one of two purposes: 1) to permit an identified group to participate in services they might not otherwise be able to afford or 2) the benefit of the activity extends to the community as well as individuals purchasing the service.

Methodology

Based upon time estimates, a model of departmental activities is developed and then reviewed extensively with the various departments. The model is then analyzed for each fee area. Hourly rates taken from the City's 2018/19 Cost Allocation Plan are applied to the time estimates for each fee.

The application of the Consumer Price Index (CPI) percentage to our existing fees, results in odd cents being included in the new fee calculations. For ease of collection and recordkeeping, certain fees are then rounded down to the nearest dollar, nearest quarter and/or dime. Fees rounded down to the nearest dollar include the Downtown Parking In Lieu, Affordable Housing, Planning and Engineering Fees over \$50, which are not already tied to specific hourly rates in the Cost Allocation Plan. Police Fees, are rounded down to the nearest quarter with the exception of the per page copy fee. Public Works Laboratory fees, adjusted by CPI, are rounded down to the nearest dime. Parks and Recreation fees are rounded down to the nearest quarter for fees less than \$50 and down to the nearest dollar for fees over \$50.

The results identify fully supported costs for providing user fee-related services. Costs are then compared with revenues, and fee increases, if appropriate, are recommended.

Compliance with 2 CFR Part 200

• <u>2 CFR Part 200</u> – The Cost Allocation Plan was developed using the guidelines of 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F. The 2 CFR Part 200 guidelines do not require that audited expenditures are used to establish the Cost Allocation Plan, so long as the indirect cost rate is not applied to federal grant programs. In accordance with 2 CFR Part 200, the City has excluded certain costs such as those related to the legislative function, capital, investment fees and City Manager's salary from the indirect cost rate calculation. Should the indirect cost rates be applied to federal award programs, the audited actual expenditures will be used to determine whether an adjustment to the indirect cost rate is necessary. A separate Cost Allocation Plan would be prepared for purposes of federal award programs. The City's Certificate of Cost Allocation Plan can be found on page 267 of this plan.

Summary

The User Fee Model is a flexible tool used to compute citywide and departmental overhead factors, full hourly rate costs by City Classification and/or full costs associated with the provision of selected services. The City reviews and updates the fees on an annual basis. The cost calculations, if needed, can be updated every year by applying the new hourly rate calculations to the original time estimates. These fees will be adjusted annually based on changes to the April San Francisco-Oakland-San Jose Region CPI Urban Wage Earners and Clerical Workers, and where applicable, the June Engineering News Record (ENR) Construction Cost Index, San Francisco Bay Area, with the exception of fees that were adopted with ties to other agencies. Time estimates should be reviewed and revised every three to five years.

Budget Assumptions:

Budget Assumptions are utilized to calculate overhead costs for each Department. Each Department's personnel costs, supplies and services and capital purchases budgets are reviewed and budgets are adjusted in accordance with the requirements of 2 CFR Part 200. Overhead cost are classified into two categories, citywide and departmental.

Hourly Rates by Classification

Each position within the City's organization structure is included within the Hourly Rates Section. Each position's rate sheet provides a breakdown of salary, hourly rates (based upon 1,800 hours per year), benefits and overhead costs associated with that position.

The hourly rate is based upon 2,080 hours reduced by assumed hours of vacation (120), sick (48) and holidays (112) for a total hourly rate calculation using 1,800 hours.

Employee Benefits Defined

Deferred Compensation – A portion of income paid out at a later date after which the income was earned for retirement such as a 457 plan.

Dental Insurance – Insurance coverage for all or a portion of dental care expenses incurred.

Employee Assistance Program (EAP) – Services, tools, consultations, and various assistance available to staff.

Health Insurance – Insurance coverage for all or a portion of medical care expenses incurred.

Holiday Pay – Salary paid when the City is closed in observance of a holiday.

Life Insurance – Insurance paid to a beneficiary as a protection against financial loss that would result from the premature death of an insured City employee.

Long Term Disability (LTD) /Short Term Disability (STD) – Insurance that protects an employee from loss of income in the event that he/she is unable to work due to illness, injury, or accident for a period of time.

Management Incentive – Incentive paid to Department Directors for afterhours meetings

Medicare – A Federal administered health care program available at age 65 or older.

PERS (CalPERS) – California Public Employees Retirement System, an agency in the California executive branch that manages pension and health benefits for California public employees, retirees, and their families.

Retiree Medical or Other Post-Employment Benefits (OPEB) – Health benefits paid for a retiree's health care.

Standby – The pay received for being available for on call or after hours work. The positions that may receive standby pay are designated in the MOU's but can vary based upon need and availability. Therefore, not included on the Hourly Rate Sheets.

Uniform Allowance – Monetary allowance for clothing or its upkeep or both when required by the City to wear special clothing such as a uniform or safety garments.

Vision – Insurance for eye health and vision correction services and products.

Workers Compensation – Insurance coverage providing wage replacement and medical benefits for employees that may experience an unforeseen, unexpected and unintended event resulting in bodily injury.

Community Development Affordable Housing

The Affordable Housing requirement consists of building 2% of new residential developments as affordable.

Breakdown of Affordable Levels

Single Family

0% Moderate 1% Low Income 1% Very Low Income

Note: One of the options available to satisfy the Affordable Housing Ordinance for new owner-occupied residential projects is through the payment of In-Lieu fees. Authorization to pay In-Lieu fees must be secured from the City Manager and is approved by the City Council by way of an approved Affordable Housing Agreement.

In-Lieu Fee Three (3) Bedroom

\$0 per moderate income unit not built \$152,935 per low income unit not built \$224,717 per very low income unit not built

Note: The Developer is directed to Section 17.725 of the Municipal Code for details of the Ordinance and is encouraged to negotiate the specifics of how the particular development will comply with the Ordinance.

¹ Correlation of family size to bedroom size is based on Health and Safety Code Section 50053 for Renter-Occupied and Section 50052.5 for Owner-Occupied, (HCD/CRL standards, rather than TCAC standards).

² Based on annual income limits for Contra Costa County published by HCD and HUD, adjusted to CRL affordable housing cost income levels using HCD rounding methodology.

³ Includes gas heating, gas cooking, other electric, microwave, gas water heating, water, trash collection, and sewer. Gas, electric and water based on actual Brentwood bills for 3 and 4 bedroom units and adjusted by ratios derived from the 2018 Contra Costa Housing Authority Utility Allowances for other bedroom sizes. Sewer and garbage rates based on Brentwood Utility billing rates.

Certificate of Cost Allocation Plan

I declare that the foregoing is true and correct.

This is to certify that I have reviewed the Cost Allocation Plan and to the best of my knowledge and belief:

- (1) All costs included in this proposal of July 1, 2018 to establish billings or final indirect costs rates for Fiscal Year 2018/19 are allowable in accordance with the requirements of the Federal award(s) to which they apply and 2 CFR part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F. Unallowable costs have been adjusted for in allocating costs as indicated in the Cost Allocation Plan.
- (2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the agreements to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently and the Federal Government will be notified of any accounting changes that would affect the predetermined rate.

RESOLUTION NO. 2018-128

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BRENTWOOD MAKING CERTAIN ENVIRONMENTAL AND OTHER FINDINGS; ADOPTING THE 2018/19 COST ALLOCATION PLAN AND SCHEDULE OF CITY FEES; IMPOSING THE FEES SET FORTH IN THE COST ALLOCATION PLAN; SETTING FORTH PROCEDURES ASSOCIATED WITH THE FEES; AND REPEALING RESOLUTION NO. 2017-131 WHICH ADOPTED THE 2017/18 COST ALLOCATION PLAN AND SCHEDULE OF CITY FEES

WHEREAS, Article XI, section 7 of the California Constitution allows the City to impose fees and charges that are not in conflict with the general laws of the State; and

WHEREAS, Government Code Sections 65104, 65909.5, 66014 and 66451.2 allow the City to establish fees to offset the City's administrative costs in processing permits, licenses, subdivision maps and entitlements; and

WHEREAS, Brentwood Municipal Code § 17.800 requires payment of such processing fees in conjunction with any application submitted for permits, licenses, subdivision maps and entitlements; and

WHEREAS, on November 14, 2000, by Resolution No. 2198 the City Council adopted the DMG-Maximus Report for computing fees for City services and revising the City services fees; and

WHEREAS, on May 24, 2011, by Resolution 2011-72, City Council approved a fee study which established new fees and amended existing fees for Planning, Police and Administrative Fees and revised the City of Brentwood 2010/11 Cost Allocation Plan and Schedule of City Fees (CAP); and

WHEREAS, on May 12, 2015, City Council adopted Resolution 2015-70 amending the City of Brentwood 2014/15 Cost Allocation Plan and Schedule of City Fees related to the implementation and timing of Consumer Price Index adjustments and existing Parks and Recreation program/facility fees; revising the method in which certain fees are rounded; adding a Planned Event/Response/Clean-Up Fee Schedule; and modifying Citywide Special Event/Response/Clean-Up Fees and Police Department Other Services Special Event Response Fees; and

WHEREAS, on November 14, 2017, City Council approved Resolution 2017-146 updating and adopting the Development Fee Program and Schedule of Development Impact Fees applicable to new development projects pursuant to Brentwood Municipal Code Section 16.130.020(A); and amending the City's Master Fee Resolution (No. 2017-167) to replace the Facility Impact Fees therein with those established by Resolution No. 2017-146; and

WHEREAS, on April 10, 2018, City Council approved Resolution 2018-33 amending the City of Brentwood's 2017/18 Cost Allocation Plan and Schedule of City Fees implementing the timing of the Consumer Price Index adjustments and adjustments to Parks and Recreation permit, athletic leagues, recreation programs activities and aquatic fees; and

WHEREAS, on June 12, 2018, City Council adopted Resolution 2018-77 amending the 2017/18 Operating Budget; adopted the 2018/19 – 2019/20 Operating Budget; approving the addition of six (6) new full-time positions to the City Staff in the FY 2018/19 budget and amending the 2017/18 fund balance restrictions and commitments in the General Fund; and

WHEREAS, on June 26, 2018, City Council adopted Resolution 2018-86 accepting and approving the Water and Wastewater Cost of Service Study and adopting rate structures for water utility service for Fiscal Years 2018/19 through 2022/23; and

WHEREAS, on June 26, 2018, City Council adopted Resolution 2018-87 accepting and approving the Water and Wastewater Cost of Service Study and adopting rate structures for wastewater utility service for Fiscal Years 2018/19 through 2022/23; and

WHEREAS, on June 26, 2018, City Council adopted Resolution 2018-88 accepting and approving the Solid Waste Cost of Service Study and adopting a rate structure for solid waste utility service for Fiscal Years 2018/19 through 2022/23; and

WHEREAS, on August 28, 2018, City Council adopted Resolution 2018-105 establishing the Environmental Compliance Inspector I/II positions and salary ranges; and

WHEREAS, the City Finance and Information Systems Department researched and developed the Cost Allocation Plan and Schedule of City Fees, Fiscal Year 2018/19 report, which develops a model for computing fees to cover the City's direct and indirect (overhead) administrative costs incurred in response to requests for permits, maps, licenses and entitlements, and which proposes a revised schedule of such fees; and

WHEREAS, the Cost Allocation Plan and supporting data were available for public inspection and review for ten (10) days prior to this public hearing; and

WHEREAS, a public hearing has been noticed and held in accordance with Government Code Section 66018; and

WHEREAS, the City Council has considered the information provided to it by those testifying; has reviewed and considered the information provided in the staff report and staff presentation; and has read and considered the report and supporting data.

NOW, THEREFORE BE IT RESOLVED, by the City Council of the City of Brentwood:

Section 1. Findings:

The Council makes each of the following findings:

- A. That CEQA does not apply to the adoption of this Resolution, pursuant to Sections 15061, 15273, and 15378 of the State CEQA Guidelines because:
 - 1. The fees established by this Resolution will be collected for the purposes of meeting operational expenses and maintaining service to those that request it; and
 - 2. Because the fees authorized by this Resolution will be collected at the application stage of the project, CEQA review will take place during the processing of the

- project. Therefore, it can be seen with certainty that the adoption of this Resolution establishing processing fees will not have a significant effect on the environment; and
- 3. The adoption of this Resolution is not a project because it is a fiscal activity that does not commit the City to any specific project that may result in a potentially significant impact on the environment.
- B. The purpose of the processing fees is to support those City services which are undertaken as a direct or indirect result of members of the public using the services of the City, in particular the services of permits, licenses, subdivision maps and entitlements.
- C. After considering the Report and supporting data and the testimony received at this public hearing, the City Council finds that future development in the City will generate a continued need for the services specified in the Report.
- D. The Report and the testimony establish:
 - 1. That there is a reasonable relationship between the need for the fee and the type of service, product, benefit, privilege, or regulatory activity for which the fee is imposed; and
 - 2. That there is a reasonable relationship between the amount of the fee and the estimated reasonable cost of providing the type of service, product, benefit, privilege, or regulatory activity for which the fee is imposed; and
 - 3. The amount of service provided does not exceed what is reasonably necessary in order to process the requested service; and
 - 4. That the cost estimates set forth in the 2018/19 Cost Allocation Plan and the Report are reasonable and best approximate the direct and indirect (overhead) costs of City staff and consultants for providing the service, product, benefit, privilege, or regulatory activity.
- E. The method of allocating the City's administrative costs bears a fair and reasonable relationship to each fee payer's burden on, and benefit from, the services, product, benefit, or privilege requested by that fee payer.
- F. The fees do not exceed the estimated reasonable cost of providing the service, product, benefit, privilege, or regulatory activity for which the fee is charged.

Section 2. Adoption of the 2018/19 Cost Allocation Plan

A. The City Council approves and adopts the 2018/19 Cost Allocation Plan and the Report and incorporates them herein.

Section 3. Fees Imposed:

- A. Each person requesting a service in the City of Brentwood for which a fee is imposed pursuant to the Cost Allocation Plan shall pay the fee set forth in the Report.
- B. On July 1 of each year (excluding Parks and Recreation Fees, which are pursuant to Resolution 2018-33, will be adjusted October 1, or January 1, 2019 of each year), all fees not tied to an alternate index and/or requirement will be automatically adjusted by an amount equal to the percentage of increase or decrease in the April Consumer Price Index Urban Wage Earners and Clerical Workers for San Francisco-Oakland-San Jose California. Should the CPI be negative, the fees would remain unchanged pending review of the cost to provide the services by staff. A recommendation would be brought before City Council prior to adjustments being made.
- C. The fees may also be adjusted if the City updates or modifies the Cost Allocation Plan or the Report and conducts a public hearing to implement a new or revised fee or fees based upon such update or modification.
- D. The applicable fee shall be determined on the basis of the fee schedule in effect at the time the application is submitted to the City for the requested service. The fee shall be payable in full at the time the application is submitted.
- E. The adoption of this Resolution does not affect the ability of the City to request an agreement between the applicant and the City to pay extraordinary processing costs and to establish deposit accounts.

Section 4. Fee Adjustment or Waiver or Reimbursement:

A person subject to a development fee imposed pursuant to this Resolution may apply to the City Council for adjustment to that fee, or a waiver of that fee, or reimbursement of part or all of the fee, solely by following the written protest procedure in the time and manner provided by Government Code Section 66020 and detailing the reasons for the adjustment, waiver or reimbursement.

- A. A person subject to the fees imposed pursuant to this Resolution that desires an adjustment or waiver of such fees shall follow the protest procedure contained in Government Code Section 66020 (as may be amended), and within the time frame set forth in subsection (d) thereof (as may be amended) or risk the loss of the legal ability to request such adjustment or waiver. In no event shall the City waive its right to rely on other applicable limitations periods, including without limitation those set forth in Government Code Section 66022 (as may be amended).
- B. A person may apply to the City Council for an adjustment to a fee by filing an application with the City Clerk. The application shall be made in writing and must identify the reasons why the fee should be adjusted. At a minimum, the reasons should explain why a reasonable relationship is lacking between the service provided by the City, the costs incurred by the City for such service and the fees imposed by the City for such service.

- C. The application shall be filed with the City Clerk no later than the deadline for filing protests as mentioned in subpart A. above. The City Clerk will present the application to the City's Finance and Information Systems Director or designee.
- D. The City's Finance and Information Systems Director, or designee, shall make a written determination on the application. The City's Finance and Information Systems Director, or designee, may authorize an adjustment so long as the adjustment does not exceed Ten Percent of the total amount of the fees sought to be imposed by the City. Recommendations by the City's Finance and Information Systems Director, or designee, for adjustments in excess of Ten Percent will be forwarded to the City Council for final determination. The method and timing of implementing the adjustment is subject to the discretion of the City's Finance and Information Systems Director (or designee) or City Council where applicable.
- E. Any adjustment granted is limited to the project as proposed. If there is any change in the project, the fee adjustment is suspended so that the City's Finance and Information Systems Director or City Council where applicable, may re-evaluate where the adjustment is still appropriate.
- F. Decisions of the City's Finance and Information Systems Director, or designee, are subject to appeal to the City Council so long as such appeal is made in writing and within ten (10) days of the decision.

Section 5. Use of Fee Revenues:

The revenues raised by payment of these fees, along with any interest earned, shall be used to pay for the City's costs detailed in the Report, including without limitation the capital costs and labor and contract costs directly or indirectly associated with providing the service, product, benefit, privilege, or regulatory activity for which the fee is charged.

Section 6. Subsequent Analysis of the Fees:

The fees established herein are adopted and implemented by the Council in reliance on the comprehensive studies that have been prepared by the City and consultants to the City. During the coming years, the City will continue to gather additional information that may affect the nature, scope and type of services to be provided in response to requests of the public. Notwithstanding any term or condition of any permit, subdivision map, license or entitlement granted by the City, it is existing policy that the City Council may revise the fees to incorporate the findings and conclusions of further studies, as well as increases due to inflation, and that such revisions shall apply to any prior approved projects, as well as new projects.

Section 7. Effective Date of Revised Fees:

Fees governed by Government Code 66000-66025 shall be effective sixty (60) days after the adoption of this Resolution provided, however, that, upon enactment of this Resolution, any person may pay the revised fees instead of the current fees. All other fees set forth in the 2018/19 Cost Allocation Plan other than changes already approved by City Council, were increased by the CPI, appropriate index as identified or appropriate percentage on July 1, 2018. Newly established Park and Recreation Program and Facility fees in the 2018/19 Cost Allocation Plan will go into effect on

October 1, 2018 or January 1, 2019, along with the remaining fees which shall be effective as identified in the CAP.

Section 8. Severability:

Each component of the fees and all portions of this Resolution are severable. Should any individual component of the fee or other provision of this Resolution be adjudged to be invalid and unenforceable, the remaining provisions shall be and continue to be fully effective, and the fee shall be fully effective except as to that portion that has been judged to be invalid.

Section 9. Repeal of Inconsistent Resolutions:

A. Resolution No. 2017-131 is hereby repealed.

Section 10. Development Impact Fees:

- A. It is the intent that Development Fees governed by Government Code §66000-66025 shall only be effected by this Section of this Resolution and other Sections of this Resolution shall not apply.
- B. Nothing in this resolution is intended to supersede Resolution 2017-146.

Section 11. Statute of Limitations:

Any judicial action or proceeding to challenge, review, set aside, void, or annul the fees established by this Resolution, or the Resolution itself, shall be commenced within one hundred twenty (120) days of the passage of this Resolution. Any action to challenge an adjustment adopted pursuant to Sections 2, 3, 4, 5, 6, 7, 8 or 11 shall be commenced within one hundred twenty (120) days of the adjustment.
