Please see attached CV/Resume

**Please explain why you would like to serve on the Redistricting Commission (attach additional pages as necessary):**

Our family moved to Brentwood in 2017 looking for a quiet and safe community. I believe that being involved and providing ideas/proposals is the best way to ensure these characteristics and values remain in our city. Whether that means attending City Council meetings, participating in elections, attending hearings for issues that may affect our life in Brentwood, or joining this Redistricting Commission, it is important to get involved.

I have previously been appointed to a Community Council (Utah, 1999-2000) where I assisted in providing recommendations on a variety of topics to the City Council and Mayor. It was necessary to work well with others and find compromises when not everyone was in agreement, especially during controversial issues.

As a resident of Brentwood for 4+ years, I am interested in the future of the city and community my kids are being raised in. Serving on this Redistricting Commission will allow me to serve the city and its constituents by recommending suggestions that will be in place for the next decade.

I look forward to this potential opportunity and in continuing my involvement in the community and its future.

**Please explain what you would bring to the Redistricting Commission (attach additional pages as necessary):**

I believe I would bring representation to an area of Brentwood that is fairly new in development. Sometimes these new developments are forgotten and underrepresented in committees and councils.

I have experience in working with local government leaders as a former City Council Candidate (Utah, 1999) and a member of a Community Council.

In my professional life, I have worked with many government leaders, from local to worldwide, and have found common ground in the most complicated and sometimes controversial topics.

I am an active listener, and at the same time, can voice concerns or recommendations at appropriate times without confrontation.

**SECTION 5: AFFIRMATIONS**

	I understand that if I am appointed to the Commission:	INITIALS

**Please explain what you would bring to the Redistricting Commission (attach additional pages as necessary):**

Resident for 27 years - same house  
 I have attended City Council Meetings since 1994 and commented on nearly every issue that I felt required my input. I have met people from the community who have voiced their concerns regarding major projects effecting Brentwood and this has given me a knowledge base on how people in general feel regarding a variety of issues. I was part of only a few residents that spoke during the initial district discussion, and if you look at the way the boundaries were drawn, and the subsequent district election that followed, equal representation was not established. The current council makeup has four representatives that all live in one quadrant of the City. There is only one council member that lives east of the by-pass, where a majority of Brentwood residents live. It is my desire to insure that everyone in Brentwood is equally represented by boundary lines that are balanced and fair.

Redistricting Application - Larry P. Becker

The reason for applying is because I feel I can help.

I have been in sales & sales management at 3M for over 25 years. I have sold office products, managed sales teams, established annual quotas, set up sales territories, planned account strategies, trained National Account Salesmen, managed sales district offices and then served as the Regional Sales Manager for National Accounts responsible for the West Coast. I feel that I work well with people and have had experience and success in leading group sales discussions, focus groups, business seminars & corporate product shows.

After retirement, I was offered a Director position at a software startup which we sold in less than 3 years. Then I was a Director at Enclipse, Inc. which helped place qualified IT specialists at Kaiser and Chevron. We prescreened the candidates, interviewed & tested them and decided if they were qualified for the position.

I have been retired for 3 years. Married for 45 with 2 kids long out of the house.

My current time is spent serving as Chairman for the Board of Trustees for the Orinda Masonic Lodge.

I have the availability and interest in helping out my city.

Sincerely,

Larry P. Becker
